

## **EXTERNAL REPORT OF THE IDMC FOR SIOPEL 6**

**Date:** 20 August 2013

**Venue:** WebEx conference

**Attendees:** Deborah Ashby  
Maarten Egeler  
Stefan Bielack

- 1 The IDMC has received the third interim report dated July 2013, on the first 60 patients treated in SIOPEL 6 and has read the report, which is deemed comprehensive and complete.
- 2 The report explains that this is a planned interim report focusing mainly on the efficacy of the cisplatin monotherapy +/- STS.

### **RECOMMENDATIONS TO THE STEERING GROUP**

- 1 The IDMC concludes that the current efficacy results of chemotherapy do not raise any concerns as to a potential impairment of the efficacy of cisplatin through the addition of STS.
- 2 The IDMC recommends the continuation of the trial according to protocol
